*Cook What the Lord Has Done!*  
We wanted to share some  
recent testimonies with you:

*This miraculous testimony comes from our dear friends and  
ministry partners, Jeff and Nancy.*

*Jeff said it should be called,  
"Create in me a clean heart, O God."*

*Psalm 51:10*

Nancy had an amazing healing this week.

Years ago in the mid 70's Nancy was diagnosed with an unusually slow heart beat. They decided to insert a pacemaker. Back in those days the pacemaker was the size of a keychain and you needed open heart surgery. The pacemaker was put in wrong so they had to open her up and reinsert it.

Ten years later a cardiologist examined her and said she didn't need it anymore so they turned it off. We had it taken out in 1999 (just before Y2K) and thought that was the end of it.

Two years ago she was diagnosed with vertigo and an irregular heart beat so we prayed over that and no problems since.

This week she was having deep pains in her chest and I laid hands on her and prayed healing scriptures. She said the pains went away.

Today she went to her cardiologist and he did an echo ultrasound on her heart just to be sure. The nurse came back with a shocked look on her face. She told Nancy not only was it the healthiest heart she had seen in a long time but the ultrasound showed a mini heart inside her regular heart!

The doctor walked in shaking his head and asked Nancy what her thoughts were on her double heart. She said she was healed by Jesus and he just nodded his head and wrote down on her chart "miraculous healing."

*This beautiful testimony of God's love is from a precious family in Texas.*

*Our friend writes:*

This is more of a praise than a request. Cheryl stayed with my mom and dad in 1983 in Spring, TX. They met up again last year when Cheryl and Harry were in Houston. At that time, mom was diagnosed with last stage breast cancer. I am writing today to say: MY MOM IS CANCER FREE!!! No chemo, no heavy drugs, just the love of our Father in Heaven and all the prayers that went up for her! Praise Him, Praise Him, Praise Him! Now we all need to pray for the diabetic ulcer on dad's toe. It's healing but the doctor is concerned. I say... just give it to God and Praise Him!!! If He can heal a breast, He surely can heal a toe.

New music from Cheryl!
