May the joy and delight of the upcoming holiday season fill you to overflowing with the extravagant love of our Savior. We have a word that we would like to share with you, our dear friends. We value you in our lives, and thank God for you

daily. Your prayers and support mean so much to us and we love you.

**Dear Friends,**

**In the last few years the Spirit of God has had me in a place of revelation about worship in the last days. We believe that the church is in the last days before a huge turning point for the Bride of Christ. As we have prayed, studied, and meditated upon the Word of God through my prayer and fasting there are several things I want to share with you. Let's start with First Chronicles chapter 25 which gives us a much clearer idea of the way King David set up his administration. There is too much information to even scratch the surface in an article but I will start in this newsletter and hopefully build from here. When we read through I Samuel all the way through to the end of Chronicles we can see details depicted throughout that give us a whole picture of the scenario of David's kingdom and the way he set up his administration.**

**David put into place three orders of priesthood. The first order is the one we all think about in our minds already. This order of priest took care of the offerings, the Holy of Holies sacrifices, etc. The second order of priesthood had to do with intercession and worship. Musicians made up this second order. The third order was about gatekeepers and doorkeepers. In our society we would call them security guards, ushers, greeters, etc.**

**Musicians played an important role in David's administration since worship had a high priority for David personally and he was a skilled musician himself. The musicians who played and sang were more than just musicians they were leaders who prophesied through the singing of scriptures and other prophetic songs. It was not about their ability or gifting but about THEIR ABILITY TO YIELD THEIR GIFTING FOR HIS GLORY. The anointing of God, the Presence of God, which was housed in the Ark of the Covenant in David's administration was to be carried on the shoulders of humanity. Just as today, the anointing of God and His presence must be lifted up on the shoulders of humanity through our praise and our worship. We must never reverse this procedure and expect the Spirit of God to lift up our gifting and talents. We must always humble ourselves and come 'under' His Presence.**

**Too often in our society of Christendom we look to the gift instead of the giver of the gift. We lift up and give glory and honor to the one being used rather than the ultimate one who created the gift! We must not fall prey to the pride of glory seeking when we are all fulfilling the very purpose of what we were created to do and be: WORSHIP! I want to discuss this later in another letter to you but for now, let's go to the prophesy of the last days preparation of His Bride through worship.**

**Acts 15: 15-17**

**And with this the words of the prophets agree, just as it is written:**

**'After this I will return and will rebuild the tabernacle of David, which has fallen down; I will rebuild its ruins; and I will set it up; So that the rest of mankind may seek the Lord, even all the Gentiles who are called by My name, says the Lord who does all these things.'**

**After this...after what? When a scripture begins with 'after this', we need to know what it is referring to if we are to completely understand the remainder of the**

verse and the timeline in which it is prophesied. The verse prior gives us the answer to 'after what'. God visited the Gentiles and took out a people for His name...we are that people! We are here! Jesus said, "It's here." We continue to say, "its coming" like the disciples, but Jesus is saying, "It's here, It's here, its' here!" (John 4:35)

God is raising up a people right now to fulfill this prophesy. It's the finishing of the Bride, Jews and Gentiles make up the veil...that's why Jesus' death caused the veil to be torn right down the middle, representing both sides, both parts, both sections of the veil...Jews on one side as His Bride, and Gentiles on the other side as His finished Bride! Until we get into our rightful positions for the last days, the rest of mankind cannot seek the Lord! The rest of mankind may seek the Lord when we, the finished veil, the Jews and Gentiles walk as one completed and finished veil ever pushing and pressing into the very essence of His Holy of Holies presence.

This type of worship is almost like anesthesia by the Holy Ghost...where God puts us under His anointing while He does supernatural surgery on us, getting us healed and restored, flesh crucified, more of 'He' and less of 'me', dead and buried so all that is left to be seen is HIS PRESENCE LIVING THROUGH US!

I believe that this prophecy once fulfilled will be the releasing of the fullness of salvations and revival for many nations. This is a type of intercessory worship that once entered will change the very DNA of our American churches, and ultimately the Church as a whole. Without this type of intercessory worship we cannot begin to go to the level of worship warfare that is necessary to bring down the strongholds, and then build the fortress walls for God's people to be able to run to.

There must be a 'safe' place for God's people while they rest in His presence...a rejuvenating and relaxing place to be recharged and then sent back out on the front lines of warfare. Without this type of intercession/worship many have fallen who have been on the front lines; many have been taken out prematurely who would have been saved if there had been built a place in the spirit in which they could have come to rest and be restored.

The root word of restoration is 'rest'. The root word of restore and restored is 'rest'. We cannot begin to understand how to finish the race that God has set before us until we learn how to rest in His presence. The great commission cannot be fulfilled until we learn this principle of rest. We cannot run the race set before us until we have learned how to prepare for the race, getting ourselves in the proper spiritual shape to finish the course. Many could have been saved; many in the ministry, on the front lines could have been restored had God's people already fulfilled the mandate from heaven to rebuild the tabernacle (type and shadow) set forth by King David. The Davidic pattern of the tabernacle must be rebuilt and restored in this generation.

We are too comfortable being in control and not comfortable at all with the Lord being in control. Why? For the Lord to be in control WE MUST BE OUT OF CONTROL! We must become invisible! I will write more on this later in another article.

We preach in 100's of churches a year, and over 31 years in 1000's of churches. Recently I have been asking churches about their intercession and their intercessors. In the '80's intercessors for the most part became so weird and unrelatable that pastors shied away from them, and rightfully so, but we must not throw this precious gift out. We must purify it! Intercession should be included with worship and worshipers (musicians), in the rank and file of the administration of churches; it probably should fall under the worship department as they should be going hand in hand. Not all intercessors are musicians but ALL MUSICIANS

**SHOULD BE INTERCESSORS IF THEY ARE TO BE CALLED WORSHIPERS, in the second order of priesthood.**

**This day, in this generation, we have access to the Holy of Holies. We are not to stand in the outer court and be happy there. We are not to come into the inner court and be happy there. We must long to be in His presence, in the deepest places of His presence. We can never be satisfied with only a glimpse of His face! We must long to be burned completely up in the fire of His Presence, standing face to face with HIM...only the reflection of His glory left on us. Our own image burned up, nothing left of 'us', only His imprint left upon our being, so that we only look like HIM.**

**If you have not already begun the 40 day prayer journals of Obtaining Peace and Entering Rest, I recommend you get started in this preparation of you, His Bride, so that the rest of mankind may seek the Lord! If you 'fight your flesh' each day in your time alone with the Spirit of God, I recommend you get the new 'Prophetic Healing songs for the Broken Places' CD, which will help you ride the river of His Presence into the Throne Room each day in your private worship time alone with Him. Don't put off your intimacy time with His Presence! He is calling you; will you come to Him?**
